Hi Folks

MONTHLY LUNCH

I was pleasantly surprised at the number of attendees at our lunch at the Glen Eden RSA last Friday. It was our first visit to this club and I was impressed at how bright and modern it was, and the food was good. I will put it on the list for a visit next year.

RNZN SEA TRAINING

Congratulations to Scott Perry, owner of ex HMNZS Kuparu, for getting the current class of Mid-shipmen out for a day's sea training on Kuparu. You would not have been able to convince me two years ago that he could make it happen. BZ Scott.

ANZAC DAY 2018 – HAWAII

Recently a bunch of Old Salts visited Pearl Harbour for ANZAC day. The trip brought a mix of good comradeship, old jack hilarity's and some very solemn moments. The photos show the group, along with CN, under Missouri's aft rifles. (Yes the Yanks call them 'rifles' not guns.) Plus one at the Waikiki Yacht Club for up spirits where most were seen going around the buoy. The last shot is in the shrine room of the Arizona Memorial of the three ex wrens stepping forward to lay their poppies in respect of the 1172 lost and entombed below. We were privileged to have our own private visit which proved to be a very moving and solemn occasion. (*Thanks to Keith Ingram*)

DID YOU KNOW?

On 24 May 1905, Lieutenant Pickering RN conducted enrolment interviews in the Auckland Volunteer Drill Hall, for 25 men to join the New Zealand branch of the Royal Navy Reserve. By mid-June he had enrolled 150 men from around the country.

Auckland Drill Hall, Rutland Street, Auckland. Built in 1902 after the first hall burnt down. The Drill Hall proper had a floor space 140ft long by 70ft wide (3,300sqm), probably the largest clear floor space in any hall in the colony at that time.
